– Livada town – Community Center, Larr Vasile Street

Any further details if necessary (who are invited, topics to discuss at the event, etc.):

The events are open for general public.

The tour with artistic performances is the penultimate activity of the project „Cross-border cultural bridge for social inclusion”. The show prepared for this tour is the result of the work of beneficiaries, volunteers and professionals who attended the Program for personal development based on cross-border traditional elements, in the period between January – April 2014.

The attendance to this tour offers to the children the chance to show what they have learnt, to promote their qualities and abilities, to settle positive relations through the permanent contact with the community members, especially persons of their age.

Based on multicultural elements of Livada community, the artistic show includes: popular affair and popular dances (csardas and Romanian hoe-down).

We are expecting that our shows to be followed by over 400 persons: students and teachers (the shows from Adrian and Dumbrava), students, teachers and beneficiaries' families (the show from „Petofi Sandor” School from Livada) and members of the community, students and teachers from „George Barițiu” Technological High-school from Livada (the show from Livada Community Center).

The art creates connections between people and we believe this connections can contribute to the image change of our beneficiaries in community and encouraging them to become activ menmbers of community.
